

SAVE THE DATE
for the
12TH
Annual Trauma Symposium
JUNE 6-7, 2019

Join Erlanger Health System for another year of exceptional presentations and hands on training during the 12th Annual Trauma Symposium. As the leading educational opportunity in Erlanger's trauma region, this event promises to deliver exciting information you can take home and put into practice!

Day 1: Trauma & Critical Care Conference

Experts will discuss current trends in Trauma and Critical Care of the acutely injured patient all along the treatment continuum, from initial injury to discharge and beyond.

Day 2: Cadaver & Skills Lab

Expand your skills by learning multiple procedures and interventions for trauma patients during the Cadaver & Skills Lab. Immerse yourself in 18,000 square feet of hands-on training to practice interventions for trauma patients ranging in age groups from pediatrics to geriatrics and anywhere in between.

Trauma and continuing education credit for EMTs, paramedics, first responders, nurses, and physicians.

The Region's Only Level I Trauma Center
